Return Policy

Please review this Return Policy before purchasing any of NJ4X products.

NJ4X offers a free downloadable and/or online demonstration of our products for evaluation. It is assumed that the buyer has reviewed his/her product of choice and is completely satisfied with its quality before effecting actual purchase of said product. If you have not tried our free evaluation demonstration, please do so before purchasing any of our products. With knowledge of the above, no refund/return request should be solicited by the buyer/user on such basis.

In view of the above said, we will review return/refund requests on defective software only. If your product is defective in any way, it can be replaced with another version of the same software, at no extra charge to the user. Please send all return/refund requests to roman.gerasimenko@nj4x.com, as well as your reason for such request. A reply will be sent to you after it has been determined if a return/refund is necessary.
